

## LARK LABORATORIES (INDIA) LTD.

An ISO 9001 : 2008  
Certified Company

Dated : 24<sup>th</sup> February 2016.

Swashrit Society

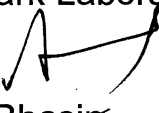

It has been a pleasure to associate with Swashrit.

The good work towards future of the country i.e children is commendable especially in the field of education and health as it will help in shaping their future as good citizens of the country.

Our association specially being able to share our special days, being with them has been the most pleasurable and a learning experience. Interaction of my children with the Swashrit children has inculcated the importance of sharing in them and has been one of the best experiences of their life, be it being with them on their birthdays, sharing small gifts or interaction on the Annual Sports meet. The Annual meet conducted by Dr. Bhavana Barmi & Swashrit Society has been one of the most endearing and humbling experiences which we look forward to every year. The warmth, smiles and affection is something that we cherish and hope to share for years to come.

With regards

For Lark Laboratories ( India) Ltd.
